### Synthetic Gene with 100% Sequence Accuracy and over 98% Successful Delivery Rate

- Rush gene delivered in as few as **4 days**.
- Longer genes up to **200kb**.

### Work with Gene Blocks with Guarantees!

- Adaptor-free GenParts DNA fragments with delivery in as fast as **2 days**.

### Maximize Genome Editing Efficiency with GenCRISPR Services

- HPLC purified CRISPR sgRNA for achieving the best cutting efficiency.
- ssDNA HDR template for large gene knock-in with minimized off-target integration\*.
- \* 100% sequence-verified, up to **3000 nt long** and **20 ug delivery quantity**.

### One-stop Solutions for Your Drug Discovery Research!

- Up to **30% OFF** Standard Peptide Library service.
- No charge for undelivered peptide.

### Special promotion of Oligo pool service.

- Receive **20% OFF** for your first oligo pool order!
- Share oligo pool service with friends to receive \$500 OFF your next oligo pool order!

### Need to Express & Purify a Recombinant Protein?

- Our Total Solution rAb Platform Can Help!
- Receive **10% off** using code **rAb10%OFF**

### MonoRab™

- Generate the most clones for your application with GenScript's premier rabbit mAb generation service.
- Now 10% for New Customers!
